HOT DOG ROTISSERIE

NOTE: There is a \$35.00 cleaning charge that will apply to each unit that is not cleaned upon return. All machines must be returned in the SAME condition they were received - THOROUGHLY CLEANED AND READY FOR USE. Please read and follow instructions to avoid additional cleaning charges.

HOW TO OPERATE:

- Place hotdogs on cradles provided and buns in top warmer box. Turn machine on to desired temperature. The machine is too hot when the hotdogs begin to drip.
- The Gold Medal Hotdog machine is designed to hold at most 56 hotdogs. **DO NOT USE MORE THAN 25 FEET OF EXTENSION CORD.**
- We suggest using good quality hotdogs which should reduce any dripping or drying while cooking.

CARE AND CLEANING:

- To clean the Hotdog machine, use soap or any other household cleaner.

TROUBLE SHOOTING CHECKLIST:

- Check to see if machine is plugged in.
- Check all switches to be sure machine is on.

SHOULD ANY PROBLEMS ARISE OR NEED INFORMATION PLEASE CALL (403-347-7733)
